ACTION PLAN 2018-2020

of

NATIONAL AGEING POLICY

2017-2030

To Further Improve Well-Being of Older Persons of Cambodian People

Ministry of Social Affairs, Veterans and Youth Rehabilitation

Phnom Penh, December 2017

ROYAL GOVERNMENT OF CAMBODIA

ACTION PLAN 2018-2020
of
NATIONAL AGEING POLICY 2017 -2030

To Further Improve Well-Being of Older Persons of Cambodian People

Ministry of Social Affairs, Veterans and Youth Rehabilitation

Phnom Penh, December 2017

PREFACE

The Royal Government of Cambodia (RGC) is firmly committed to implementing the **National Ageing Policy (NAP) 2017-2030**, aiming at improving the quality of life of the older people in Cambodia. In this spirit, a **Three-Year Action Plan 2018-2020**, which is the first action plan, has been developed to guide effective implementation of the NAP.

The implementation of the **National Ageing Policy** through a well-orchestrated action plan is the significant contribution to long-term national development, particularly to sustained human capital development in a rapidly changing development context at both national, regional and global levels.

This is the most appropriate time to be caring, with a clear strategy, for older people in line with economic and social development. Issue of older people is multi-disciplinary that covers all aspects and all sectors in society. The success of the implementation of this **Action Plan for the National Ageing Policy** requires a concerted effort among the stakeholders. The first Action Plan covering the period of three years from 2018 to 2020 is developed to guide the coordination and collaboration of key stakeholders, viz. public and private sectors, development partners, and civil society organisations, in the implementation of this action plan in order to improve quality of life for the older people in Cambodia.

In this regard, the RGC recognises the need to provide the necessary support and enabling policy and programme environment for the implementation of the Action Plan and the need to ensure effective coordination in the policy implementation process among various stakeholders being engaged in addressing the issues concerning the ageing. In this spirit, the Cambodia National Committee for Older People of the Ministry of Social Affairs, Veterans and Youth Rehabilitation will play a central coordinating role in preparing the Action Plan and monitoring and reviewing the implementation in each cycle of this plan.

I am assured that successful implementation of the Action Plan 2018-2020 of the National Ageing Policy will contribute significantly to the improvement of the quality of life and the standard of living of the older people in Cambodia.

Phnom Penh, April 11th, 2018

Prime Minister

Sd/-

Hun Sen

FORWARD

National Ageing Policy 2017-2030, which was approved by the Council of Ministers at the Cabinet Meeting on 25 August 2017, was officially launched by **Samdech Akka Moha Sena Padei Decho HUN SEN**, Prime Minister of the Kingdom of Cambodia, on 18 January 2018 at Peace Palace.

National Ageing Policy 2017-2030 sets out nine priorities areas: (1) Ensuring Financial Security, (2) Health and Well-Being, (3) Living Arrangements, (4) Enabling Environment, (5) Older People's Associations (OPAs) and Active Ageing, (6) Intergenerational Relations, (7) Elder Abuse and Violence, (8) Emergency Situation, (9) Preparing the Younger Population. To provide clear guidances to the actual implementation, The National Ageing Policy 2017-2030 pronounces the policy and programmatic directions for each priority areas. These policy and programmatic directions serve as the basis for the preparation of the first Three-Year Action Plan (2018-2020). In the process of the formulation of this Action Plan, concerned ministries and Institute have aligned their programmes, sub-programmes, projects, and activities to the policy and programmatic directions spelled out in the **National Ageing Policy 2017-2030**.

The Action Plan of the National Ageing Policy 2017-2030 will be implemented in three stages: the first stage covering the period of three years (2018-2020), which will be followed by the second covering the period of five years (2021-2025), the third covering period of five years (2026-2030). This Action Plan is the outcome of broad consultations between all stakeholders and will serve as a fundamental instrument for the monitoring and evaluation of the implementation of the **National Ageing Policy 2017-2030**. The programmes, sub-programmes, projects, and activities which are incorporated in the Action Plan for each stage could a timeframe laying within that of the **National Ageing Policy 2017-2030**.

On behalf of the Cambodia National Committee for Older People of the Ministry of Social Affairs, Veterans and Youth Rehabilitation would like to express its sincere thanks to all concerned ministries and institutions, development partners, civil society organizations and stakeholders, in particular the United Nations Population Fund (UNFPA Cambodia) and the HelpAge Cambodia (HAC) for their close collaboration in the preparation of this first Action Plan. The **Action Plan 2018-2020**, incorporated programmes, sub-programmes, projects, and activities in the matrices serving as the basis for actual implementation. The Ministry of Social Affairs, Veterans and Youth Rehabilitation is strongly convinced that in the spirit of contribution to further improvement of the quality of life and well-being of ageing, line ministries and institutions and all stakeholders will closely collaborate in ensuring the effective cross-sectoral coordination and the adequate and timely financing in order to achieve the successful implementation of this Action Plan.

The Secretariat for the Cambodia National Committee for Older People (C.N.C.O.P.) of Ministry of Social Affairs, Veterans and Youth Rehabilitation will coordinate the

monitoring and evaluation of the implementation of this Action Plan at the above-satedstages.

Phnom Penh, December 29th, 2017

1-INTRODUCTION

National Ageing Policy (NAP) 2017-2030, approved at the the Council of Ministers' meeting on August 25th, 2017 is a long-term, comprehensive and inclusive roadmap, which was developed by taking cognizance of current aspects of Cambodia's social and economic development, demographic dynamics and the impact of demographic changes on sustainable development. The NAP 2017-2030 aligns its vision, policy and programmatic directions to the Rectangular Strategy Phase III, National Strategic Development Plan (NSDP), National Population Policy 2016-2030, Sectoral Strategic Development Plans, and the Agenda 2030 for the Sustainable Development, and to the Political Declaration on Ageing at Second World Assembly, Madrid 2002 and Madrid International Plan of Action on Ageing 2002, and to the International Conference on Population and Development 1994, and the Universal Declaration of Human Rights, etc.

The NAP 2017-2030 contributes to further improvement of the quality of life and welfare of the older persons and reduction of poverty incidence and the effects of demographic changes on development through promoting the synchronisation of ageing population issues with development plans at all levels and within the national and global development framework. Due to the fact that older population issues are inter-related multi-sectoral in nature, the implementation of this policy indicates the need for the formulation of the detailed action plan to be coordinated by the Cambodia National Committee for Older People (C.N.C.O.P.) of the Ministry of Social Affairs, Veterans and Youth Rehabilitation in order to translate the policies into concrete actions aiming at achieving the goals and objectives spelled out in the NAP.

The Action Plan 2018-2020, the first ever action plan to implement the NAP 2017-2030, is formulated to consolidate programmes, sub-programmes, projects, and activities being currently implemented or to be implemented by line ministries and agencies. Those activities related to demographic dynamics as reflected under the nine priority areas of the NAP are to achieve a ageing population status conducive to development and to contribute to the further improvement of the quality of life and the welfare of the Cambodian older people. This action plan is formulated based on a broad participative approach, where line ministries and other involved agencies are given opportunities to align their programs, sub-programs, projects, and activities currently implemented and to be implemented to the nine priority areas of the NAP.

The nine priority areas of the NAP include: (1) Ensuring Financial Security, (2) Health and Well-Being, (3) Living Arrangements, (4) Enabling Environment, (5) Older People's Associations (OPAs) and Active Ageing, (6) Intergenerational Relations, (7) Elder Abuse and Violence, (8) Emergency Situation, (9) Preparing the Younger Population. Policy and programmatic directions of each priority area that are described in detail in the NAP 2017-2030 are used as a basis for identifying programmes, sub-programmes, projects, and activities of the implementing agencies, by reflecting the indicators and targets for monitoring and evaluation.

This action plan has two main aims: (1) the action plan is used to translate the policy and programmatic directions into concrete actions to be implemented by line ministries and agencies (2) the action plan is a tool for the monitoring of evaluation of the results of the implementation of the activities identified in each stage of the implementation of the NAP 2017-2030.

2-THE APPROACH TO THE IMPLEMENTATION OF THE NAP 2017-2030 THROUGH ACTION PLAN 2018-2020

This action plan incorporates programmes, sub-programmes, projects, and activities intended to grapple with ageing population issues such as poverty alleviation, improving the quality of life, health and welfare of ageing population.

The process of the formulation of the action plan is a part of the planning process related to ageing population extending from the formulation of NAP 2017-2030 to the policy implementation. This approach indicates the realisation of the important role of the action plan in directing the implementation of the NAP 2017-2030 and identifies key interventions and activities for this policy implementation by involving concerned ministries and agencies, development partners and civil societies.

The formulation of this action plan was undertaken in a broad participatory process by means of providing inputs and conducting a consultative workshop to ensure broad-based participation and full ownership of the line ministries and concerned agencies along with the contribution of other stakeholders in the implementation of activities identified in this action plan.

In the implementation process of this action plan, in order to ensure the consistent national policy framework consisting of the Rectangular Strategy Phase III, the National Strategic Development Plan, National Population Policy, National Ageing Policy and Sectoral Strategic Development Plans, as well as to ensure the possibility of the implementation of programmes, sub-programmes, projects, and activities in conformity with the national budget process, the concerned ministries and agencies shall ensure whether or not programmes, sub-programmes, projects, and activities are incorporated in the 3-year rolling public investment programmes or the programme budgeting. Concerned ministries and agencies shall ensure that the proposed programmes, sub-programmes, projects, and activities are carried out in a direction leading to realise the ultimate goal of the NAP. At the same time, the Secretariat for the Cambodia National Committee for Older People of the Ministry of Social Affairs, Veterans and Youth Rehabilitation has a coordinating role in monitoring the implementation of this action plan by measuring the outputs against the set indicators, and concerned ministries and concerned agencies shall cooperate with the Ministry of Social Affairs, Veterans and Youth Rehabilitation by providing inputs for the preparation of the annual progress report as well as three-year cycle evaluation report.

3-MATRICES OF ACTION PLAN

As described above, the NAP 2017-2030 identifies nine priority areas: : (1) Ensuring Financial Security, (2) Health and Well-Being, (3) Living Arrangements, (4) Enabling Environment, (5) Older People's Associations (OPAs) and Active Ageing, (6) Intergenerational Relations, (7) Elder Abuse and Violence, (8) Emergency Situation, (9) Preparing the Younger Population. For each priority area, this Policy underlines policy and programmatic directions but these directions are broad and do not outline specific activities, targets or indicators. Therefore, the development of medium-term plan is necessary and it shall be prepared in every appropriate cycle in order to serve the monitoring and evaluation of the progress in the implementation of this Policy.

This action plan incorporates matrices as its important part illustrating programmes, sub-programmes, projects, and activities, as well as indicators, targets, sources of financing and estimated cost, time frame, responsible agencies. The matrices are key instruments of the action plan to measure the progress of the policy implementation. Programmes, sub-programmes, projects, and activities incorporated in the action plan are the on-goings or the new ones that are related to each programmatic direction. In this regard, the timeframe of the programmes, sub-programmes, projects and activities is not the same as the timeframe of this first action plan and the response to these policy and programmatic directions will be subsequently made within the timeframe of the action plan in each cycle.

Programmes, sub-programmes, projects, and activities of concerned ministries and agencies are incorporated in the matrices of the action plan 2018-2020. The matrices incorporate 267 programmes, sub-programmes, and projects that are put forward by 23 concerned ministries and agencies (please see the matrices of the action plan 2018-2020).

Matrix Action Plan 2018-2020

107 -Establish a department of geriatrics at health science schools and universities	Such department is established in 2019	0	100	100	National Budget	Ministry of Health collaborates with Ministry of Social Affairs, Veterans and Youth Rehabilitation
108 -Cooperate with private university to establish a department of geriatrics	The cooperation is established in 2019	0	100	100	National Budget	Ministry of Health collaborates with Ministry of Social Affairs, Veterans and Youth Rehabilitation

Priority 3: Living Arrangements

Objective 3.1: To promote ageing in place.

Strategy 3.1.1: Providing basic training to family caregivers in elderly care, the knowledge and information about useful services, and handling emergency situations.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
109 -Training for home-base care taker to build their knowledge, information and inform them about available services for older people during emergency time.	Number of home-base care takers trained.	0	0	0	National Budget	National Committee for Disaster Management
110 - Disseminate information about weather forecast to the citizens	Number of older people living in communities to have knowledge about disasters.	0	0	0	National Budget	Ministry of Water Resources and Meteorology

Strategy 3.1.2: Counselling family caregivers to provide them relief from the psychological stress resulting from caregiving.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
111 -Organize training on psychology for home-base care takers	Number of home-base care takers trained	0	100	100	National Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation

Strategy 3.1.2: Counselling family caregivers to provide them relief from the psychological stress resulting from caregiving.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
112 -Provide training about signs and symptoms of psychological issues for staff members of health centers, partner organizations and VHSG (training provided by experts)	22 staff members of health centers and VHSG received knowledge about physical and psychological health related to elderly people and they are able to help at least 2835 elderly people and their communities through regular primary health education at community and improved referral system	0	64.55	64.55	Partner's Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation

Strategy 3.1.3: Ensuring an increase and improvement in home visits by health visitors and social welfare officers

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
113 -Organize regular home-visit to meet with older people	Number of visits	0	100	100	National Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation Ministry of Health
114 -Conduct primary health education at community level Home visits and intervention	Approximately 60% of older people in 81 associations report that their health has improved and that they have more understanding about how to take care of their health as they turn older.	43.57	43.57	43.57	Partner's Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation Ministry of Health

Strategy 3.1.4: Incentivising enterprises to provide facilitation to any employees that have at home elderly household member requiring cares.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
115 -Develop legal instruments for enterprises to assist employees with older family members who need their care.	Legal instruments developed	0	0	0		Ministry of Labour and Vocational Training
116 - Provide equipment for primary health care for VHSG volunteers and health center staff to use when conducting outreach to provide primary health education.	Number of blood pressure gauge provided to VHSG and health centers	0	0	40.49	Partner's Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation

Strategy 3.1.5: Encouraging community volunteers to assist the elderly in their day to day activities

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
117 -Organize workshop to raise awareness about volunteerism and the importance of assisting older people, establishing multi-sectoral networks of community volunteers and monitoring.	Establish 125 education outreach multi-sectoral networks of community volunteers to assist older people	0	120	120	National Budget	Ministry of Education, Youth and Sport
118 -Raise awareness of community people about volunteerism to help elderly people.	- Number of outreach sessions - Number of participants (disaggregated by gender)	0	0	0		Ministry of Interior
119 -Raise awareness of high school students about volunteerism to help elderly people.	- Number of outreach sessions - Number of students (disaggregated by gender)	0	0	0		Ministry of Education, Youth and Sport

Strategy 3.1.6: Making access easier for the elderly to contact family members and emergency services in case of need

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutional Responsibilities
		2018	2019	2020		
120 -Create new programs through the means of telecommunication to raise awareness of people, including older people, about health care to avoid unpredictable risks.	- People, including older people, receive new knowledge about health promotion program and are able to have better living through increased awareness.	0	40	40	National Budget	Ministry of Post and Telecommunication
121 -Collabourate and facilitate the use of national emergency phone number to help people, including older people, in a sustainable and effective manner.	- Promote wider use all over the country and create mobile phone application using symbol for calling out during emergency.	0	80	80	National Budget	Ministry of Post and Telecommunication
122 -Strengthen quality of services to make it easier for customers, including older people. Provide acceptable telecommunication services both in terms of price and quality to older people and their care taker.	Service providers have capacity and knowledge to help older people to use postal services. For example, in queuing when they have to wait for their turn to use services.	0	15	15	National Budget	Ministry of Post and Telecommunication
123 - Regularly consult with older people in the community so that they are not lonely		0	0	0		National Bank of Cambodia Ministry of Social Affairs, Veterans and Youth Rehabilitation Ministry of Education, Youth and Sport

Strategy 3.1.7: Instituting regulations to protect older persons from all forms of elder abuse –physical, verbal, financial and psychological

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
124 -Develop legal framework to protect older people from abuse.	Legal framework developed	0	0	0		Ministry of Justice Ministry of Interior
125 -Develop a law on the rights of older people.	Law on Older people's Rights is adopted	0	20	20	National Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation collaborates with Ministry of Justice and Ministry of Interior
126 -Reinforce the implementation on law of older people association in effectively		0	0	0		Ministry of Interior

Objective 3.2: To provide appropriate living arrangements for elderly with no family support
Strategy 3.2.2: Assisting and advising Pagodas to expand and improve their facilities for housing the vulnerable elderly

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
127 -Organize Buddhist temples to ensure that they can serve as a shelter for vulnerable older people.	- Number of pagoda that provide shelter for older people. - Number of older people staying in pagoda (disaggregated by gender)	0	200	200	National Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation collaborates with Ministry of Cults and Religion

Strategy 3.2.3: Examining the introduction of appropriate standards at the centres for the elderly living in the communities.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
128 -Distribution of social concession land for Veterans and poor households with elderly members	- Continue to distribute social concession land for Veterans and other poor household - Build houses for soldiers' and policemen' families living along the border.	12.73	12.77	12.81	National Budget	Ministry of Land Management, Urban Planning and Construction

Strategy 3.2.4: Making first aid available for the elderly at health centres and referral hospitals.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
129 -Provide first aid kits for older people who come to receive treatment at health centers and referral hospitals	Number of older people who received the kits (disaggregated by gender)	0	0	0		Ministry of Health

Priority 4: Enabling Environment

Objective 4.1: To enable older persons to live independently if they can and wish to do so.

Strategy 4.1.1: Providing older persons information about possible adaptations that should be made to enable them to live safely and to reduce the risk of accidents such as falls and slipping.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
130 -Organize workshops related to mental education to build self-confidence	Reduced lack of self-confidence and strength to face difficulties	3	3	3	National Budget	Ministry of Information
131 -Provide advices to older people on how to live safely	Number of older people who participated	0	200	200	National Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation collaborates Ministry of Health
132 -Raise awareness on how older people can live safely and prevention of accidents	Number of older people who participated	0	0	0		Ministry of Information

Strategy 4.1.2 : Examining the fostering of basic services for the elderly at the areas where community-based old-age centres located.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
133 -Discuss with partners to establish basic services for older people.	Number of cooperating partners	0	20	20	National Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation collaborates with relevant ministries

134 -Provide agriculture technical services (growing vegetable, animals, fish, processing...)	Disseminate agriculture techniques to older people in 600 communes.	600	600	600	National Budget	Ministry of Agriculture, Forestry and Fisheries
--	---	-----	-----	-----	-----------------	---

Strategy 4.1.3 : Providing older persons with possible means of communication to call for reliable help or attract attention in case of need.

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
135 -Disseminate the need of the older people both in and out of country	Number of meetings conducted	0	40	40	National Budget	Ministry of Social Affairs, Veterans and Youth Rehabilitation

Objective 4.2 : To facilitate the mobility of older persons.

Strategy 4.2.1 : Improving public transport facilities by integrating ways of addressing the needs of the elderly.

260-Dissemination workshop on food safety, safe food and balanced diet	100 education personnel	0	30	30	National Budget	Ministry of Education, Youth and Sport

Strategy 9.2.4: Sensitise younger people to the impacts of the inevitable changes that obviously result from retirement and ageing

Activities	Target/Indicator	Estimated Annual Budget for implementation (Million Riels)			Source	Institutaional Responsibilities
		2018	2019	2020		
261-Organize and establish mechanisms for association of older civil servants	Facilitate access for national and international experts to research on the contents and recent data on older people in Cambodia to be used for the benefits of Cambodian society in the future	40	40	0	National Budget	Ministry of Education, Youth and Sport

262 -Provide training in response to the finding of the need assessment	Trainings (two times) 100 people	0	40	40	National Budget	Ministry of Education, Youth and Sport
263 -Monitoring	(10 times)	0	0	40	National Budget	Ministry of Education, Youth and Sport
264 -Organize training to mainstream about the National Policy on Population and Demography, retirement and aging process (Module 1)	All officials in the Office of Population and Development in the Provincial Department of Planning in all the 25 municipality/province received the training (Module 1)	100	0	0	National Budget	Ministry of Planning
265 -Organize training to mainstream about the National Policy on Population and Demography, retirement and aging process (Module 2)	All officials in the Office of Population and Development in the Provincial Department of Planning in all the 25 municipality/province received the training (Module 2)	0	110	120	National Budget	Ministry of Planning
266 -Provide training to officials in the Ministry and Department of Planning on readiness preparation to enter retirement	Officials of the ministry and department of planning who will retire in six months received the training	0	50	50	National Budget	Ministry of Planning

4-SOURCE OF FINANCING AND COST ESTIMATES

Since ageing population is a multi and cross cutting sectoral issues, the Action Plan of the National Ageing Policy does not define budget, financial sources, and spending. On the other hand, the sources of financing and cost estimates for the implementation of activities, projects, sub-programmes and programmes are proposed by own implementing ministries/institutions as shown in matrix above. In sum up, budget, financial sources and cost estimates have been proposed by Line Ministries Institutions, as summarized in table below:

Table : Source of financing from Ministries / Institutions

No.	Ministry	Source of Financing	Toal budget	Source of Financing and Cost Estimates (in million riel)		
				2018	2019	2020
1	M. Labour and Vocational Training	National budget	1,435	405	515	515
		Financing	4,924.4	1,642	1,642	1,642
2	M. women’s Affairs	National budget	0	0	0	0
		Financing	0	0	0	0

		Financing	0	0	0	0
17	M. Culture and Fine Art	National budget	0	0	0	0
		Financing	0	0	0	0
18	M. Rural Development	National budget	460	0	230	230
		Financing	0	0	0	0
19	M. Social Affairs, Veterans and Youth Rehabilitation	National budget	29,062	1,006	13,939	14,117
		Financing	1,857	401	708	748
20	Office of the Council of Ministers	National budget	0	0	0	0
		Financing	0	0	0	0
2	M. Agriculture, Forestry and Fisheries	National budget	1,800	600	600	600
		Financing	0	0	0	0
22	National Bank of Cambodia	National budget	0	0	0	0
		Financing	0	0	0	0
23	M. Interior	National budget	0	0	0	0
		Financing	0	0	0	0
Total		National budget	101.950	11.323	45.222	45.405
		Financing	14.675	4.433	5.090	5.151

5-MONITORING AND EVALUATION

The expected results of the implementation of the National ageing Policy will be reflected by the improvement of rapid and sustainable economic growth, and this growth will be allocated through the provision of basic social services to the people.

The appropriate monitoring and evaluation is the solid instrument for helping us to be able to achieve the goals and objectives of the National Ageing Policy 2017-2030, through the expected results measurement from each phase and corrections of policies, strategies, and actions for the next phase to address the remaining challenges. The base of monitoring and evaluation system is a strong national statistic system under the leadership of National Institute of Statistics (NIS) of Ministry of Planning and administrative data of other ministries and agencies.

Monitoring and evaluation framework of the Action Plan 2018-2020 of the National Ageing Policy 2017-2030 is consistent with the monitoring and evaluation framework as stipulated in the National Ageing Policy 2016-2030. Action Plan of this policy will be implemented in three phases, the first phase covers the period of three years while the second and third phase cover the period of 5 years. The first implementation of the action plan started in 2018 to 2020, and the second action from 2021 to 2025 and the last action plan from 2026-2030. The annual progress of the Action Plan implementation will be held every year so that we know how the implementation of the program or project in each sector to achieve objective of the programmes or sub-sectoral programmes. An evaluation of the implementation of the action plan will be made for each phase to measure the results of the implementation of the action plan compare to the target of each phase indicators.

Figure: Framework for monitoring and evaluation by the phases of the action plan

The Secretariat for the Cambodia National Committee for Older People, Department of Older People Welfare of the Ministry of Social Affairs, Veterans and Youth Rehabilitation will facilitate and cooperate with line ministries-institutions for monitoring and evaluation of the action plan implementation by each phase. In this regards, the Ministry of Social Affairs, Veterans and Youth Rehabilitation requests for the line ministries-institution to provide inputs into each phase of the action plan with inputs for preparing annual progress reports as well as provide the inputs into the action plan for the next phase. The Secretariat for the Cambodia National Committee for Older People, Department of Older People Welfare of the Ministry of Social Affairs, Veterans and Youth Rehabilitation will guide each phase.

6-CONCLUSION

The successful achievements of the implementation of the Action Plan, 2018-2020 would require concerted efforts and close collaboration among all concerned ministries and agencies and all stakeholders. Besides, appropriate and timely budget allocation to all programmes, sub-programmes, and activities incorporated in the matrix is fundamental to the success in the implementation of this action plan.

The achievement of the objectives of the National Ageing Policy, 2017-2030 through the implementation of the action plan of each phase will contribute to the improvement of the quality of life, welfare and standard of living of Cambodian people, particularly the ageing population, which can be reflected through impact indicators of the action plan, such as poverty rates, mortality rate, and life expectancy.
